# About SUNY and SUNY Korea

Founded in 1948, the **State University of New York** is widely known as the most extensive public higher education system in the United States, consisting of 64 universities, including Stony Brook University and the Fashion Institute of Technology.

SUNY Korea was founded as an extended campus of the State University of New York to offer world-class American degree programs in South Korea as a part of its steadfast commitment to the values of international education and cooperation.

# SUNY Korea is the first American university in Korea

SUNY Korea has grown to provide six degree programs of Stony Brook University and two flagship programs of Fashion Institute of Technology, educating more than a thousand future talents from 40 different countries.

## STEAM

Future-oriented University specializing in technology and industrial innovation in the fields of Science, Technology, Engineering, Arts (STEAM) and Management

\*STEAM  
Science, Technology, Engineering, Arts, Mathematics

Prestigious undergraduate and graduate degree programs with identical curriculum, quality of education and faculty

## Quality Education

## The First

The first American University established in South Korea by the invitation of the Korean Government and approval of the Ministry of Education

Flagship academic departments of Stony Brook University and Fashion Institute of Technology of the SUNY System

## Selected Programs

## U.S. Degree in Korea

The prestigious SUNY degree: authentic American higher education in South Korea

Located in the Incheon Global Campus (IGC), the most diverse and successful university complex for transnational education in East Asia

## Established in 2012

Stony Brook University, the #1 public university in New York, is recognized as a leading institution in the United States for its academic excellence and dynamic campus life. Ranked 58<sup>th</sup> among national universities, it stands out as one of the leading public institutions in the United States. With approximately 27,000 students attending SBU, the school is renowned for its Science, Technology, Engineering, Mathematics, and Medicine (STEMM fields) programs.

# STONY BROOK UNIVERSITY AT SUNY KOREA

SUNY Korea offers world-class academic programs of Stony Brook University in New York, concentrating on STEMM fields (Science, Technology, Engineering, Mathematics, Medicine).

6 SBU departments at SUNY Korea provide quality higher education optimized for the waves of the 4<sup>th</sup> Industrial Revolution and the concurrent technological innovations.

Students are given an opportunity to double major or minor in multidisciplinary studies and can also join the Accelerated Program for Master's Degree in the engineering departments.

## 1 Year Study Abroad in the New York Campus

3 years

1 year

### Applied Mathematics and Statistics

#3 Applied Math/Statistics Program in the USA

#### Study Areas

Data Science, Statistics, Quantitative Finance, Computational Applied Mathematics, Computational Biology, Operations Research

#### Courses

- Calculus / Differential Equations
- Linear Algebra
- Probability Theory
- Data Analysis, Regression, Time Series, Statistical Computing
- Quantitative Finance
- Mathematical Biology
  - Data Mining
  - Graph Theory
- Differential Geometry

### Computer Science

#24 Computer Science Program in the USA

#### Study Areas

Artificial Intelligence, Big Data Analysis, Computer Security, Systems, Computational Theory

#### Courses

- Object Oriented Programming
  - Data Structures
- System Fundamentals
- Computer Networks
  - Algorithms
- Theory of Computation
- Software Engineering

### Electrical and Computer Engineering (Electrical Engineering)

One of the Foundational Disciplines of Engineering

#### Study Areas

Semiconductor Devices, VLSI and Circuits, Digital Communications, Nanoelectronics and Photonics, Digital Systems and Computing

#### Courses

- Digital Logic Design
- Advanced Programming and Data Structures
- Electrical Circuit Analysis
  - Electronics
- Electromagnetics and Transmission Line Theory
- Modern Circuit Board Design and Prototyping
  - Semiconductor Devices
  - Communication Systems

### Mechanical Engineering

Accredited by the US Accreditation Board of Engineering and Technology

#### Study Areas

Engineering Design, Robotics, Thermal Sciences, Manufacturing, Dynamics and Control, Mechatronics

#### Courses

- Freshman Design Innovation
  - Computer Aided Design
- Practical Electronics for Mechanical Engineers
  - Engineering Dynamics
- Control System Analysis and Design
  - Mechanical Engineering Lab
    - Thermal System Design
  - Manufacturing Processes

### Technology & Society

(Technological Systems Management)  
Convergence of Engineering/Technology and Social Sciences (Management)

#### Study Areas

Entrepreneurship, Technology Assessment, Communication Technology, Data Science, Business Incubation

#### Courses

- Management for Engineers
- The Mobile Revolution in Development
  - How to Build a Startup
- Information and Communications Technology for Sustainable Development
  - Interaction Design
- Communication for Engineers and Scientists
- Applications Software for Information Management

### Business Management

4 Specializations: Accounting, Finance, Marketing, Operation Management

#### Study Areas

Finance, Business Analytics/Ethics, Marketing, Entrepreneurship, Investment, Accounting, Financial Accounting, Organizational Behavior

#### Courses

- Decision Sciences
- Business Statistics
- Investment Analysis
- International Finance
- Principles of Marketing
- Marketing Strategy
- Entrepreneurship

### Intensive English Course for Provisional Admissions

Tailored English programs will be provided to the admitted students who do not have standardized English test scores.

# FASHION INSTITUTE OF TECHNOLOGY AT SUNY KOREA

SUNY Korea has taken the leading role in the world's fashion/design education since 2017 by offering the top-notch fashion design and business management programs of the Fashion Institute of Technology.

Students in SUNY Korea FIT programs will also be given a chance to advance to a bachelor's degree in the New York campus after earning an associate degree in Korea.

## Additional 2 Years in the New York/ Italy Campus for Bachelor's Degree

2 years

2 years

## Fashion Design

*FIT's flagship department with a 77-year history*

### Study Areas

Fashion Styling, Fashion Design - Art, Patternmaking, Draping, Sewing

### Courses

- Digital Design Studio
- Fashion Research and Inspiration
- Fashion Art Studio
- Visual Design Concepts
- Apparel Design Studio - Patternmaking
- Material and Construction
- Digital Design: Flat & Floats
- Creative Media

## Fashion Business Management

*Industry-driven program that provides a foundation in fashion business*

### Study Areas

Fashion Marketing, Fashion Product and Planning Development, Retail Strategy/Management

### Courses

- Fashion Forecasting and Trend Analytics
- Fashion Business Practices
- Business Intelligence in Planning and Buying
- Innovation in Product Development
- Fashion Marketing and Digital Technology
- Statistical Analysis
- Retail Strategies
- Strategies of Merchandising

# Facilities & Environment
